WELDON MEMORIAL PRIZE

Past Prize-winners

BIOS/1

1911  David Heron; DSc, St Andrews
1914  Charles Goring; BSc, MD, London
1914-17 Suspended
1920  James Arthur Harris; PhD, Washington University, St Louis
      Additional Prize: Ethel M Elderton; Fellow of University College, London
1923  Johannes Schmidt; MSc, PhD, University of Copenhagen
1926  Major Greenwood, FRCP
1929  Ronald Aylmer Fisher; MA, ScD, Gonville and Caius College, Cambridge (afterwards
      Sir Ronald Fisher, FRS, Arthur Balfour Professor of Genetics)
1932  Geoffrey Mills Morant, DSc, London
1935  Egon Sharpe Pearson, DSc, London
1938  John Burdon Sanderson Haldane; MA, New College (Professor of Biometry, 
      University College, London)
1941  Julia Bell, MA; Hon. Galton Research Fellow of University College, London
1944  Professor Prasanthachandra Mahalanobis, Presidency College, Calcutta
1947  Sewall Wright, Professor of Zoology, University of Chicago
1950  Lionel Sharples Penrose, Galton Professor of Eugenics, University College, London
1953  Frank Yates, ScD, FRS, Head of the Department of Statistics, Rothampstead 
      Experimental Station
1956  David John Finney; MA, Oriel College Sc D, Cambridge; FRS; Reader in Statistics, 
      University of Aberdeen
1959  Edmund Brisco Ford, MA, DSc, FRS; Fellow of All Souls College, Reader in Genetics
1962  Professor K. Mather, CBE, DSc, London; FRS; Professor of Genetics, University of 
      Birmingham
1965  Motoo Kimura, DSc, PhD; Head of the Department of Population Genetics, National 
      Institute of Genetics, Japan
1968  Professor I.Michael Lerner, MSA, DSC, British Columbia; DPhil, California; Professor 
      of Genetics, University of California at Berkeley
1971  Professor M.S. Bartlett, FRS, Department of Biomathematics
1974  Professor D.G. Kendall, MA, Cambridge; FRS; Professor of Mathematical Statistics, 
      University of Cambridge
1977  Professor L.L. Cavalli-Sforza, MD, Pavia; MA, Cambridge; Professor of Genetics, Stanford University, California

1980  Professor Robert McCredie May, FRS; BSc, PhD, Sydney, Class of 1877; Professor of Zoology, University of Princeton

1983  Professor D.R. Cox, FRS; PhD, Leeds; Professor of Statistics, Imperial College of Technology, London

1986  Tomoko Ohta, PhD, DSc, Professor of Population Genetics, National Institute of Genetics, Japan

1989  Professor Roy Anderson, FRS, (BSc, PhD, London, ARCS, DIC), Professor of Parasite Ecology, Imperial College, London

1992  Professor George Oster; BS, US Merchant Marine Academy; PhD Columbia; Professor of Molecular and Cellular Biology, University of California at Berkeley

1994  Professor Michael P. Hassell, FRS, (MA, Cambridge; DPhil, Oxford) Professor of Insect Ecology, Department of Biology, Imperial College, London

1996  Dr Martin A. Nowak, (Doctor rerum naturalium, Vienna) Department of Zoology, University of Oxford.

2000  Professor Joe Felsenstein, (BS, Zoology, University of Wisconsin; PhD, Department of Zoology, University of Chicago,) Adjunct Professor, Department of Statistics and Department of Zoology, University of Washington, Seattle, Washington.

2001  Professor Elizabeth Thompson (BA & PhD Cambridge) Adjunct Professor in Genetics (now Genome Sciences) at the University of Washington, Seattle and an Adjunct Professor of Statistics at North Carolina State University.

2002  Professor Warren J. Ewens (PhD, Australian National University), Professor of Biology, University of Pennsylvania.

2003  Professor Sir Richard Peto, (MA Cambridge, MSc London), Professor of Medical Statistics & Epidemiology, CTSU, University of Oxford.

2004  Professor David Sankoff (B.Sc., M.Sc., Ph.D. McGill), Canada Research Chair, Department of Mathematics and Statistics, University of Ottawa.

2005  Professor Geoffrey West (MA Cambridge, PhD Stanford University, California), President, Santa Fe Institute.

2006  Professor Nancy Kopell (AB Cornell University, PhD, University of California, Berkeley), Boston University.

2007  Professor Brian Charlesworth FRS, FRSE (BA Cambridge, PhD Cambridge) Institute of Evolutionary Biology, University of Edinburgh.
