FHS Mathematics and Statistics Part C 2017

Third Notice to Candidates Trinity Term 2017

This notice summarises information about the examination. You should read this notice carefully. Details include:

1. Practical arrangements in the Examination Schools, including candidate numbers and handing in of scripts.
2. Procedures in the case of illegible or incomplete scripts, and illness
3. Notification of results.

Timetable

Your personal timetable showing your papers and the dates, times and location at which they will take place will be published online at least two weeks before your first examination. It is your responsibility to ensure that you sit the correct examination and misreading of information will not be considered an acceptable reason for non-attendance. If you have not received your timetable, or discover any problems such as a clash of papers, contact your college as soon as possible.

The complete timetable is also posted on the Examination Schools website

<http://www.ox.ac.uk/students/academic/exams/timetables>.

Conduct of Examination Sessions

All papers will be sat in the Examination Schools. You should arrive at the Schools 20 minutes before the start of each of your papers. **You must take your University card with you to each examination and it must be displayed on your desk with the photograph side facing upwards.** You may also take your individual examination timetable, provided you have not written on it or otherwise modified it. You must take writing equipment in a clear pencil case or bag (and a calculator if its use is permitted, as given in the second notice). Details of other items which you are permitted to take with you, and the list of disallowed items can be found online at:

<http://www.ox.ac.uk/students/academic/exams/guidance> . *Mobile phones and smart watches are included in the list of disallowed items and must not be taken into the examination room.*

In the examination room, desks will be numbered and lists will be displayed throughout the reception areas as well as outside individual examination rooms, telling each candidate in which room and at which desk they will take their examination in that session. On reaching your desk you

should check that the correct question paper has been provided but should not open the paper until the invigilator declares the start of the examination.

You may not leave the examination room except with the permission of the invigilator. Candidates are not permitted to leave during the first 30 minutes nor the last 30 minutes of an examination. You may take your question paper with you at the end of the examination but no other paper may be removed from the examination room.

Queries during the Examination

If you believe that a question is incorrect or ambiguous, you may ask the invigilator to communicate with the Examiners. An Examiner or Assessor will be present for the first 30 minutes of each paper, but you can raise queries even after they have left. Any correction or clarification given to you will be announced to all candidates. Please note that the Examiners cannot assist you if you do not understand a word or phrase on the examination paper, or give you any other advice about the examination. If the Examiners cannot answer your question, you may write on your script what your query is, and how you are interpreting the question.

Scripts

Booklets of unlined paper are provided. You may write on both sides of the paper. You should take careful note of the rubric for each paper. It is essential that your **candidate number** be written correctly and legibly on the front page of each answer booklet.

You must start each question in a new booklet.

Handing- in of Scripts

Read this section very carefully.

You must order your answer booklets by question number and secure with the treasury tag provided. Then, on the front page of the top booklet, list the question numbers of the questions attempted. On the front pages of each booklet, write the question number attempted in that booklet (or write 'rough work'). If you have not attempted any questions, you must hand in an empty booklet, with the front page complete, stating that no questions were attempted.

Rough work

No special paper is provided for rough work. A separate answer booklet may be used for rough working, and should be labelled as such: these booklets must be handed in at the end of the examination. Alternatively, you may do rough working in the same booklet as your fair copy. In this case you should cross through all rough working to indicate very clearly to the Examiners what is to be marked and what is not.

Illegible scripts

Please write legibly and remember that you may not write in pencil, except to draw diagrams. Examiners may require illegible scripts to be transcribed. The cost of transcription is charged to the candidate.

Illness

If you are prevented by illness or other cause from attending any part of the examination you should ensure that the Senior Tutor of your college is informed immediately. In the case of illness a medical certificate will be required.

Notification of results

The examiners hope to finalise the results lists on Monday 26 June. After 26 June, to find out your results you may log on to the Student Self Service at www.evision.ox.ac.uk, using your Oxford Single Sign-On. Neither Schools staff, nor Department of Statistics staff, nor Mathematical Institute staff can give results over the telephone.
