

1 First version

I'm going to write a paragraph to demonstrate how glossaries work. Glossaries usually appear at the end of documents, but can be referred to at any time. In particular, I will describe how glossaries work in \LaTeX .

2 Second version

I'm going to write a paragraph to demonstrate how glossaries work. Glossaries usually appear at the end of documents, but can be referred to at any time. In particular, I will describe how glossaries work in \LaTeX . I will also describe amendments that can be made.

3 Third version

I'm going to write a paragraph to demonstrate how glossaries work. Glossaries usually appear at the end of documents, but can be referred to at any time. In particular, I will describe how glossaries work in \LaTeX . I will also describe amendments that can be made.

4 Fourth version

I'm going to write a paragraph to demonstrate how glossaries work. Glossaries usually appear at the end of documents, but can be referred to at any time. In particular, I will describe how glossaries work in \LaTeX . I will also describe amendments that can be made.

Glossary

amendments	a set of changes or improvements, 1
glossary	an explanation of terms, 1
latex	a mathematical typesetting language, 1
paragraph	sentences on a linked theme, 1
